From Muelday October 20. to maturday October 24. 1719.

Whitehall, October 22, 1719 Last Night arriv d Major Lev Scher, Aide de Camp to the Lord V Scount Coulum, from Vigo, with the following Account.

Is Excellency the Lord Vifcount Cobham, Is Excellency the Lord Vifcount Cobham, with the Men of War commanded by Vice Admiral Mighells, and the Transports ha-ving the F rces on board, arriving on the Coaft of Galicia, kept crucking three Days in the Station ap-pointed for Captain Johnson to join them; but ha-ving no News of him, and the Danger of lying on the Coaft at this Scalon of the Year with Transformers the Coast at this Season of the Year with Transports, rendering it neceffary to take fome Measures of acting without him, and the Wind offering fair for Vigo,

his Lordfhip took the Refolution of going thither. On the 29th of September, O. S. they entered the Harbour of Vigo, and the Grenadiers being immediately landed about three Miles from the ΊOwn, drew up on the Beach. Some Pealants fired from the Mountains at a great Diffance, but without any Execution. His Lorothip went afhore with the Grenadiers; and the Regiments tollowed as fait as the Boats could carry them. That Night and the following Day and Night, the Troops lay upon their Arms. In the mean while Provisions for four Days were brought ashore, and Guard's were posted in feveral Avenues, to the Diftance of above a Mile up the Country.

On the tft of October his Lord (hip moved with the Forces nearer to the Town, and encamped at a firong Polt, with the Left to the Sea near the Village of Boas, and the Right extending towards the Mountains. This Motion of the Army, and fome Par-ties that were ordered to view the Town and Ciradel, gave the Enomy some Apprehensions that Preparations were making to attack them; whereupon they fet Fire to the Carriages of the Cannon of the Town, nailed those Cannon, and by all their Motions feemed determined to abandon the Town to the Care of the Magilirates and Inhabitants, and to retrie with the Regular Troops into the Citadel. Whereupon the Lord Cobham fent to fummon the Town to furrender, which the Magiffrates made no Difficulty of doing; and the fame Night his Lord-thip ordered Brigadier Honywood with 800 Men, to take Post in the Town, and Fort of St. Schattian which the Enemy had also abandoned.

On the 3d a Bomb Veffel began to bombard the Guadel, but with little Execution by reafon of the great Diffance: (the other Bomb Veffel, called the I u nace, was feparated from the Fleet in bad Weather off the Groyne; and 'tis feased is loft, unlefs the be got into Lisbon.) That Evening the large Mortars and the Coehorn Mortars were landed at the Town ; between 40 and 50 of them, great and fmall, placed on a Battery under Cover of Fort St. Sebastian, began in the Night to play upon the Citadel, and con-tinued it four Days with great Success: The 4th Day his Lordship ordered battering Cannon to be landed, and with some others found in the Town, to be placed in Battery on Fort St. Sebastian. At the fame time his Lordship sent the Governour a Summons to surrender, fignifying, that if he flayed till our Battery of Cannon was ready, he should have no Quarter. Col. Legoniere was fent with this Meffage, but found the Governour Don Joseph de los Cereros had the Day before been carried out of the Caffle wounded. The Lieutenant Collocel who commanded in his Ab-The Lieutenant Collonel who commanded in his Abfence, defired Leave and Time to fend to the Mary quels de Risbourg, at Tuy, for his Directions; but be-ing told the Holtilities thould be continued, if they did not fend their Articles of Capitulation without any Delay, they foon complied.

Articles upon which Collonel Don Gonzales de Sotto, Commander in Chief of Caffro, offers to furren-der the Caffle of Caffro to his Excellency the Lord Cobham, Generalissimo of the King of Great Britain's Troops.

That the Garrifon of Regular Troops now in the Caftle, shall march out with Arms and Baggage Drums beating, Colours flying, their Cartouches and

Flasks full of Powder, and Ball in Proportion. Gransed.

2. That Carriages be granted for the Officers Tents

2. That Carriges Garrifon to find them. 3. That the Garrifon march out by Land by the fhorteft Way to the Bridge of St. Payo, with all Security, and Provisions for tour Days. Granted.

4. That fix Pieces of Brass Cannon and two Mortars, with 12 Rounds of Powder and Ball, be grant-ed them, with Carriages, and if they cannot carry them by Land, they may carry them by Water as tar as Ullo; and that from shence they may march in. fix Days, as also the Garrison, where they shall think

molt proper. Refused. 5. That Carriages be granted for the Wounded, as well Soldiers as Peafants; and those not able to be transported, shall stay in Vigo till cured, at the Catho-lick King's Expense. Granted, the Garrison finding the Means for Transporting them.

6. That the Militia now in the Cafile may march out with Arms and Baggage without Moleflation, and return to their reflective Habitations, or where they shall think fit. Granted without Arms.

That if any Foreigner be found, either in the Artillery or any other Imployment, he shall not be molested. Granted, except Deferters.

8. That the Officers and Soldiers of this Garrifon. may have Liberty to take with them the Clothes and Linnen they left in Vigo. They shall be brought to the Cafile to them, and an Officer of the Garrison shill be allowed to come into the Town to show where they are.

9. This Capitulation being granted, all Magazines of Ammunition and Provisions shall faithfully be delivered to the Person his Excellency the Lord Cob-ham shall appoint, and the Gate of St. Philip shall

be alfo delivered up. To. That the Capitulation being agreed to, four Days shall be granted for the Evacuation of the Place, and my Lord Cobham shall sign me a Copy of this, and I will do the fame. Granted two Days Cobbam

Don Gonzales de Sotto.

The Garrison marched out the 10th in the Morning, confilting of feven Companies of the Regiment Spain, and four of the Regiment of Valencia, of mounting to 469 Men ; having had above 300 killed or wounded by our Bombs. The Place coft us but two. Officers, and three or tour Men killed; and, no doubt, was firong enough to have given a great deal more trouble. An exact Account was not yet taken of the Stores of War which were found in the Town and Citadel ; but when that Account is perfected, it will be found very confiderable. There were in the Town about 60 Pieces of large Iron Cannon, which when the Enemy abandoned, they nailed and damaged, as much as their Time would give them leave. And in the Citadel were forty three Pieces, of which fitteen are fine Brafs Guns, and two large Mortars; befides above 2000 Barrels of Powder, and feveral Chefts of Arms, amounting to about 8000 Muskets. All which Stores, and the Brafs Ordnance, were lodged there from on board the Ships which were to have visited Great Britain last Snips which were to have vinted Great Brian lake Spring; and the very Troops which gave up this Place, were alfo of that Expedition. The Lord Cobham had fummoned the adjacent Country to furnish Provisions, and pay Contribution, on pain of Milkary Execution. His Lordship fent a Party to Redondella, where they found the old Fort aban-doned and two to Buin public public were fad doned and run to Ruin, and the Inhabitants were fled.

That Part of the Province was under fuch a Confternation, that 'twas thought half the People had run away into Portugal. There we but tew regular Troops in the Province, the Marquis de Riscould get bourg had drawn together as many as he near Tuy, which is within three or four Leagues of Vigo. There had been very great Rains for three Days. Some of our Officers who fpoke with Spanish Officers before they marched from Vigo, were told by them, that Collonel Owen had been in the Place, and that the late Duke of Ormond was raising a Regiment of English at Valladolid. The Lord Cobham was uling the best Means to get perfect Intelligence of the other Parts of the Coast. Seven Ships were fiezed in the Harbour of Vigo: Three of which were fitting up for Privateers, one to carry 24 Guns; the

reft were trading Veffels. Naples, OH. 6. This Morning came in the Royal Oak, a Britilli Man of War, Captain Winder Com-mander, having been detached by Sir George Byng the Ach Inflant at to a Clock at Night, zo Leagues South Welt of this Place, when he was making with a fair Wind for Melazzo, with the Transport Ships from Vado under his Convoy. We daily expect News of the Citadel of Mellina's furrender, or of its being taken by Storm: The Governour had offered to capitulate, but would have included the Marquess de Lede with his Army in the Capitulation ; which General Mercy rejected, and declared that he would not receive the Governour and his Garrifon any otherwife than as Prisoners at Discretion.

Genoa, Ott 17. We have Advice from the Imperial Camp in Sicily, that on the 26th paft the Impe-rialifis were intirely Mafters of the Covered Way of the Cicadel of Meffina, the Befieged having abandon-ed an Angle, which they had kept till then, feeing Preparations made to attack them. Batteries were raifing on the Covered Way, and on the 29th Nine Pieces were ready. After that, the Defence of the Place could be spun out but a few Days longer. The Spaniards here have received Letters from their Correspondents at Palermo, dated the zyth past, which advise, that the Spanish Army commanded by the Marquess de Lede, was in a very fickly Condition and in Want of almost every thing : That they had quitted the Camp at Rametta the 24th, and were taing their March towards Traina, in order as was suppoted to proceed to Castel Re Giovanni, which is a very strong Polt. These Letters add, that if the Spansch Army should at last resolve to retire to Palermo, they would hardly be received; the Inhabi-tants being in fuch Apprehension of the British Fleet

tands being in uuch Apprenention of the Brittih Fleet and of the German Army, that they feem determined not to expole the Town to Runn by flanding a Siege. *Perfugnan*, Oft. 18, ¹N. S. The Marlhal Berwick goes from hence this Morning to Boulou, four Leagues off, where all his Troops will be affembled by the 20th; and on the 22d he will march towards Rofes with his Army, confifting of ar Soundraws and the with his Army, confifting of 75 Squadrous and 40 Batallions. Prince Pio with the Spanish Army is moved towards Gironne, and is drawing that way from all Parts all the Troops he can: He had ordered the Garrison of Roses to be reinforced with three Batallions.
